NOT HAVING TOUCHED a typewriter for three weeks it is a little difficult finding the right keys to use in batting out this column. We know the keys haven't changed their positions but somehow we still seem to have a problem. And just staring at the keys doesn't seem to solve it.

But it is sort of a chronic ailment. We suffer this way every time we return from a vacation. We keep spinning our wheels until we finally realize that there is work that must be done.

Just in case you haven't missed us, we report here that we have been away.

We think it is a fine tribute to the staff that everything operated so smoothly in our absence.

It proves something. But we won't go into that.

-0-

IN THREE WEEKS it is surprising what changes can take place.

This is especially true in respect to the weeds that took over in our yard. We swear that those weeds must have known we were away. By the looks of things, they had a wild old time.

But there were other events of a more noteworthy nature. This we have learned by carefully pursuing the last three issues of the paper.

Incidentally, we had to do our pursuing of the papers after our return. That was the first thing we did when we hit town. Not seeing The Press during our vacation period was really the only black mark for the whole bit. We have sort of become attached to this sheet after all these years.

And speaking of reading material. We hadn't realized just how many periodicals we subscribe to until we picked up our mail at the post office. It's going to take us some time to wade through the back issues and try to keep up with the current ones also.

But to get back to the more important events.

MYRON HAWK, public workers director of the city since 1960, leaves this week to accept the position as public works director of Alhambra.

This is a step up the ladder for Myron in his profession. Alhambra is a city three times the size of Campbell. We are pleased to see Myron advance but will be sorry to see him go.

By the very nature of his work, Myron has, naturally, over the years stepped on a number of toes. Ours included.

But never once has anyone ever questioned Myron's ability or his integrity. We imagine per capita, Campbell has had more public works projects in the mill than any other city during the past few years. It has been Myron's responsibility to keep the machinery

Home center opens

Campbell's largest general store opened last weekend and the response of the public to this unique merchandising operation exceeded all expectations, according to Jerry A. Callner, president of Bonanza Home Center, located at Hamilton and Bascom.

The store was officially opened in a novel manner. Mayor Charles Rose, Callner and Jerome Kritzer, executive vice-president, collectively swung a long cross-cut saw to cut a big redwood log which barred the entrance to the store.

The store caters to the "do-it-yourself" trade and within the 30,000 square foot building and the 10,000 square foot outdoor display area, customers could find among the 25,000 items carried in stock almost anything they needed.

The store follows the western motif in its design and the initial force of 40 persons carries out the western theme in their costumes.

Callner said that the huge crowds that jammed the store during the opening days were so enthusiastic that many of the more popular items were completely sold-out in a short time and had to be reordered.

WVJC bond election date set for Feb. 16

A tentative date of February 16 for a bond election to provide an urgently needed campus was set at a special meeting Thursday of the West Valley Junior College Board of Trustees.

The election will be joined with another election set for that date on the unification of the Santa Clara Union High School District.

Amount of funds to be sought, according to President Wallace W. Hall, will depend on outcome of a needs study now being made by the district's architects, Reid and Tarics in San Francisco, and Higgins and Root, Los Gatos. An unsuccessful election last March 10, before the college was in session, was for $16 million. The proposal carried 58 percent of those voting, but fell short of the necessary 66 2/3 percent required of bond elections.

Trustee Jack Armstrong urged that district voters give "careful consideration" to the new proposal.

"This bond election will be vital to the educational welfare of the children and adults of this district," he said. "We are presently in an overcrowded facility which will be much too small in the near future. Three-quarters of the freshmen and sophomores in California's public institutions of higher education are in junior colleges: by 1985 the total will be 90 percent. The need is obviously a pressing one."

In another action the board accepted terms of an agreement for a loan by the Federal Housing and Home Finance Agency of $78,350 for preliminary planning of Performing Arts, Library and Student Center buildings.

City's $700,000 street projects get final OK

A street improvement program totalling more than $700,000 for Campbell's two main thoroughfares, Campbell and Hamilton Avenues, got the final green light from the City Council on Monday night.

It is expected that the Campbell Avenue contract will be awarded November 9.

The city employee largely responsible for putting the complicated improvement project together also got an official pat on the back from the City Council.

Myron Hawk, public works director who leaves this week to accept a similar position in Alhambra, presented the final details of the ambitious street project which has been "in the works" for many months.

TRIBUTE

The council paid tribute to Hawk's efforts by adopting a resolution which cited Hawk for effecting "many achievements for the City and its residents including major street and storm drain projects". The resolution commended Hawk for his "outstanding traits of leadership and ability". A copy of the resolution will be sent to Alhambra.

The Hamilton-Campbell improvement program has long been a "pet project" of Hawk and he was visibly pleased when at Monday's meeting, the last he will attend as a Campbell employee, the final barrier was removed.

CAMPBELL AVENUE

Hawk reported that everything was ready for the Campbell Avenue project extending from San Tomas Creek to Winchester Blvd. The cost of the project, which will be done through an improvement district (No. 9) It is estimated to be $144,890. Assessments against the property owners will be made on a street frontage basis.

It will include four moving lanes of traffic,

FOR A SAFER HALLOWEEN--Officer Robert L. Mann of the Campbell Police Force, puts a "glow in the dark" arm band on Richard Nelson as a reminder that the police department and patrol cars will be giving out the specially treated paper bands and Halloween goodies October 30 and 31. Chief of Police John Morgan is hoping that all of the children will wear the arm bands so they will be easier to be seen during the early dark hours. Other children in the picture include l. to r. Michelle Lewis, Julie Burr, Terry Lewis and Tim Silva.

EDUCATORS HONORED--Campbell Chamber of Commerce held its annual Business Education day last Thursday with more than 60 local educators participating. Local business firms invited the teachers to their establishments and at noon a luncheon was held at Villa Felice at which Laurance J. Hill, Campbell High School District superintendent, was guest speaker. Pictured are (left to right) Dr. Wallace Hall, West Valley JC president; Hill; Mayor Charles Rose; William Henley, elementary school superintendent and Jack Payne, C. of C. chairman.

It's election day next Tuesday---XXX

Voters throughout the United States go to the polls next Tuesday, November 3, in the general election. Nationwide the office of the president is at stake with Senator Barry Goldwater trying to unseat President Lyndon Johnson.

In California, Pierre Salinger, Democrat, and George Murphy, Republican, are slugging it out for U.S. Senator.

In each congressional district throughout the country candidates are vieing for office. Locally, Republican Charles S. Gubser seeking his sixth term in the 10th district is being challenged by E. Day Carman, Democrat.

In the 22nd Assembly District, incumbent Republican George Milias faces Willaim A. Jennings, Democrat.

California voters also have the herculan task of approving or disapproving 17 state propositions.

All in all voting next Tuesday will be a big chore but an important one. (This paper's recommendations appear on the editorial page in this issue.

Police nab driver after wild chase

Robert Piatti, 21, 363 Shelley Rd., Campbell, was booked by Campbell Police for driving 110 miles an hour on the Route 17 freeway October 22, following a chase by local officers, the California Highway Patrol and the San Jose Police.

Piatti was first noticed by Sgt. Paul Schommer as the suspect "peeled out" from the Pocket Billiard Parlor on Bascom Avenue. Schommer pursued the driver.

Piatti was arraigned October 23 in the Los Gatos Municipal Court. Bail was set at $550.

Editorial

The Press recommends

On next Tuesday, November 3, when Mr. and Mrs. Citizen go to the polls they will, in the few minutes they are alone behind the curtain of the polling booth, translate their feelings on issues ranging from president to featherbedding by marking a simple "X" on their massive ballots.

This "translation" is no easy task, especially in light of the intensive campaigning that has been conducted during the past months. Not only is the citizen asked to mark his choice for the elective officials but there are also 17 state propositions and three county charter amendments on the ballot to make the voter's task that much more difficult and confusing.

Traditionally this newspaper at election time has made recommendations. So we do it again. But we candidly admit that in some instances, just as in your own case, our thinking is confused.

On the candidates---

FOR PRESIDENT: No recommendation.

We don't mean to be vacillating. But we cannot sincerely make a recommendation in this instance. We cannot subscribe to the philosophies so often expressed by Senator Goldwater but, on the other hand, we dislike many of the principles of the Democratic standard bearer, Lyndon Johnson.

FOR U.S. SENATOR:

We recommend the Democratic nominee, Pierre Salinger.

FOR CONGRESSMAN (10th district):

We heartily endorse CHARLES S. GUBSER, Republican, seeking his 12th term in the House of Representatives.

FOR ASSEMBLY (22nd district):

We recommend the reelection of GEORGE W. MILIAS, Republican.

On the propositions---

Nine of the 17 state propositions facing the voters are basically technical in nature and have not created intense feelings among the electorate. Here are the nine. For them a "yes" is more or less routine.

PROPOSITION 4: Provides a residency requirement to be eligible for California's veterans tax exemption on real property.

PROPOSITION 5: Increases from $5,000 to $10,000 the amount of property a widow of a veteran may own and still receive the veteran's tax exemption.

PROPOSITION 6: Requires non-California insurance companies to pay taxes in California equal to taxes levied on California insurance companies by other states or countries when California-based companies do business there.

PROPOSITION 7: Permits the Legislative to invest public retirement funds (other than teachers' retirement) in stock shares or obligations of any corporation.

PROPOSITION 8: Provides that an incumbent Superior Court Judge seeking reelection a county with 700,000 or more population need not have his name on the ballot if he has no opposition.

PROPOSITION 9: Provides that all California counties, except San Francisco, would conform to laws specifying how and when county supervisorial boundaries would be reapportioned.

PROPOSITION 10: Repeals provision requiring that proceeds from sale of land granted to California by the United States for school support, estates of persons who have died without a will or heir, and money granted to the state from sale of federal land be kept in perpetual fund with interest going for education. The money would be transferred to the state's general fund.

PROPOSITION 11: Removes a provision from the Constitution and clarifies the right of a city to contract with a county for municipal services.

PROPOSITION 12: Enables the Legislature to authorize the re-assessment of property damaged on officially-declared disaster areas, thus giving disaster victims tax relief.

State bond proposals

We recommend a "YES" vote on Propositions 1, 2 and 3.

PROPOSITION 1: Provides for $150 million for acquiring and developing lands for recreational purposes.

PROPOSITION 2: Provides for $380 million to provide state college, junior college and university facilities.

PROPOSITION 3: Provides $260 million for capital outlay for construction and improvement of public schools.

AND --- the five others

Five key propositions, the final ones on your ballot, have generated the greatest amount of interest and the most heat among the California voters.

Here's how we look at them:

PROPOSITION 13: Will prohibit any corporation to be named in the constitution as having powers or duties. This would rule out a private lottery, such as in Proposition 16. We say "YES."

PROPOSITION 14: So much has been said on both sides of this controversial issue dealing with the sale and rental of residential property, that it is difficult to keep our prospective. We favor a "NO" vote.

PROPOSITION 15: Would make it illegal to permit the development of subscription television in California. We feel this is infringing on private enterprise and we say "NO."

PROPOSITION 16: This would give a private corporation the exclusive right to conduct a lottery in California for 10 years. While we recognize that another source of tax income is needed to ease the burden of the property and a lottery may be the best answer, we prefer the state to run it. We say "NO."

PROPOSITION 17: This is called the anti-featherbedding law and would put California in the same classification as most of the nation in regard to the number of crewmen required on freight trains. We say "YES."

County amendments

PROPOSITION ONE: Would provide for the election of the county supervisors at large. We are voting "NO."

PROPOSITION TWO: This would increase the board of supervisors from five to seven members. We say "NO."

PROPOSITION THREE: This would allow the supervisors to provide for compensation for members of the County Planning Commission. We say "YES."

A BIG BAG OF MONEY--Goodly-sized gift for the Campbell United Fund comes in from Breuner's Home Furnishers. O.S. Sorenson, left, Campbell UF campaign chairman and Bank of America manager, takes delivery of the contribution from Ray E. Schreck, store manager, and Tom A. Barton, sales and merchandise manager. The contribution represents both employees' and firm's gift.

Street projects

Continued from page 1

sidewalks and curbs and two lanes of parking, except in the Milton Avenue area.

Under the same contract, Hawk reported, will be the improvement of Campbell Avenue west from San Tomas Creek, including that portion in San Jose, to Castro School.

This project will also provide four moving lanes and is estimated to cost $273,000. But unlike the first phase to the creek, this portion does not require land acquisition but it does include signals at San Tomas-Campbell and Winchester-Campbell.

HAMILTON

The Hamilton Avenue project expected to cost about $360,000 and will include the long-awaited "cutting through" of this street. Because all the property owners concerned have deeded the necessary rights-of-way for the widening of the street, it is not necessary to do the work through the improvement district proceedure as had been first planned. The council officially abandoned the improvement district by a resolution Monday.

The city's share of the cost of the projects will be met from gas tax funds and from the street improvement bonds.

CAMERA STOLEN

Campbell Police reported that a Polaroid camera valued at $225 was stolen from the Campbell Body Shop, 921 Camden Avenue. An investigation is underway.

United Fund near half-way mark

Campbell United Fund Chairman O.S. Sorenson, Bank of America manager, related that Campbell is nearing the half-way mark in its campaign at the Central Area UF report meeting Thursday.

Sorenson noted that collections in the local UF drive are at 41% of the Campbell goal, which has been set at $29,009. At this point, there is a little more than three weeks left in the campaign.

Progress in the other 10 communities of the Central Area Chapter was listed by Chapter Campaign Chairman Bart R. Van Eck. The Central Area Chapter cumulatively is now at 60% of goal with $695,574 collected thus far. Some communities and divisions are "over-the-top" in their goals already.

Van Eck concluded the meeting stating, "A careful analysis indicates we are making good progress in achieving two of our key objectives--that of broadening the base of support and encouraging fair share giving of three minutes' pay per day."

"ART OF THE GREEKS"

The Hellenic Cultural Club and the Humanities Club of San Jose State College will sponsor a lecture on the "Art of the Greeks" by Dr. Richard G. Tansey, Professor of Art History on November 1 at 7:30 P.M. in the Little Theater at San Jose State College. The public is invited.

Farewell lunch given Hawk

Myron Hawk, Public Works Director for the City of Campbell who is leaving the end of the week to take a new post in Alhambra, was the honored guest Monday at a surprise luncheon given in his honor at Luoto's.

The luncheon, which was organized by William Wren and Charlene Barbano of the department of public works, was attended by approximately 40 employees of the city from the various departments.

Fireworks ban fizzles out at council meeting

Efforts by Fire Chief George Maxwell to get the City Council to ban fireworks within the city limits fizzled out Monday night.

The Council decided to allow the sale and use of "safe and sane" fireworks to continue but ruled that there would be no waiver of fees for any organization or firm that will sell the noise-makers. In the past charitable organizations have been granted a waiver of fees.

In another action, the Council awarded the Mark Tuban Ford agency of Los Altos the contract for two cars for the city on a bid of $4,384.71, the lowest of seven bids submitted, ranging from $4,384.71 to $4,977.25. One of the cars will be used by the city manager and the other by the police chief.

The Council also authorized the calling of bids for four police vehicles to replace the ones now in use by the police department.

It was also ruled that the present business license for three or more apartments of $12 for the first unit and $2 per year for each other should remain on the books as is. City Manager Bob Stephens had reported that the city hall had received a number of complaints from apartment owners claiming that the license fee was not fair to triplex owners who lived in one of the units and rented the others.

Discussion by the Council members over the vexing problem of converting residences into professional offices revealed the possibility of a future clash between the planning commission and some of the council members.

Councilmen Bob Mc Elroy and Ed Rogers indicated at the meeting that they favored banning the conversion of homes into offices completely.

moving. He has never shirked his responsibility.

We wish him the very best in his new position. Alhambra is fortunate to get a man of his caliber.

ON THE EDITORIAL page in this issue we make our recommendations for the election next Tuesday.

The Press has done this in every election since we came here in 1956. In the two previous national elections recommendations were made for president. But not this time.

This time we pass.

We know we will be accused of not having the courage of our convictions. But, quite frankly, we just don't know how we are going to vote for president next Tuesday.

So how can we make an endorsement in this issue of the paper? We hope to decide before we enter the booth.

On the other candidates and propositions, we have made a choice.

Obviously some of you will not agree with them. Otherwise there would be no need for an election.

But whether you agree or disagree with the recommendations is really not too important. The main issue involved is for you to vote.

AS BORING as it may be, we feel we must mention a highlight or two of our vacation in this issue. We hope by next week we will have our feet once more firmly on the ground and vacation time will again be something for the distant future.

But, shucks, there is really no highlight to record. We did manage to tour the Hearst Castle in San Simeon on our way to southern California. But that's about it. Incidentally, it took us five days to make it down to the L.A. area. That guy on the surf board almost made better time than that.

We just played by ear all the time. And enjoyed it thoroughly.

Our golf game didn't improve, although we tried our skill (?) on nine different courses. This has only convinced us that it definitely is not the climate or the terrain that affects our game.

This is all for now.

Those typewriter keys are still not in the best of shape, as you probably have guessed by now.

Campbell police issue 64 tickets

Chief of Police John D. Morgan reported that thirty accidents occurred during the month of September as compared with thirty-three during September of 1963.

Sixty-four overtime parking tickets were issued by the Campbell Police department during the month with 25 other parking tickets also issued. A total of 565 citations for traffic violations were given out by Campbell police officers, and 229 hazardous drivers were cited.

MR. AND MRS. CLYDE L. ADAMSON

(Photo by David Otsuki)

Jerri Hartman is bride of Clyde L. Adamson

Miss Jerri Ann Hartman and Clyde Leroy Adamson exchanged vows before the altar of the First Congregational Church of Campbell recently. Rev. V. F. Dedifius officiated. The bride is the daughter of Mr. and Mrs. James E. Hartman, 970 Old Orchard Road, Campbell. Mr. and Mrs. Warren Adamson of San Jose are the parents of the bridegroom.

The petite bride was attired in an imported Rochelle lace gown fashioned with traditional styling, fitted bodice, long tapered sleeves and a portrait neckline. The skirt belled at the sides to flow into a chapel train. A crown of matching lace outlined with pearls secured a bouffant veil of imported silk illusion. Her only jewelry was a cultured pearl on a gold chain, the gift of the bridegroom. The bridal bouquet was a beautiful cascade of white roses and stephanotis, centered with an orchid corsage.

Mrs. Lorraine Buehring of Campbell was the matron of honor. The bridesmaids were Diane Erickson of Santa Clara and Joyce Boehm of Livermore. Their floor length gowns of delphinium blue silk linen featured scoop necklines and bell shaped skirts. Their blue veil headpieces were secured by a large bow fashioned from the dress fabric. Little Sherrie Buehring was the flower girl and Brent Buehring was the ring bearer.

Jerry Wisler of San Jose was the best man and ushers were Joe Montalbano of Saratoga and Jim Wood of San Jose. Anthony Bonaccorso, uncle of the groom, was the soloist.

Following the nuptials a reception was held for nearly 200 guests in the Fireside Room of the Church. A blue and white color scheme was carried out with tablecloths of net over taffeta. Blue and white gladiolas, carnations and chrysanthemums were arranged throughout the room. The mantle arrangement was accented by a white and silver wax pillar anniversary candle. Two large white topiary trees adorned the hearth. The couple cut a four tiered wedding cake surrounded by flowers.

The newlyweds took a trip to Arizona and Mexico and will make their first home in San Jose. The bride is employed at Sears Roebuck Co. in San Jose and the groom is associated with Frontier Village Public Relations Department.

BIG CARNIVAL

Country Lane Elementary School will hold a carnival Saturday, October 31, from 12:30 to 5 P. M. Wear your costumes and participate in the fun. There will be all kinds of booths, puppet shows, foods, and entertainment.

This is an excellent opportunity to obtain ideas for your fall wardrobe. Pattern numbers will be available.

Working hard on last minute preparations to make this an unforgettable event is Mrs. John Hannon, chairman of the show.

Assisting Mrs. Hannon are the following committees; Coordinator: Mrs. Chris Miller. Co-chairman and Commentator: Mrs. George Reilly. Decorations: Mrs. Raymond Bernal. Raffle: Mrs. Michael Fitzpatrick. Publicity: Mrs. Wilbur Clarke. Refreshments: Mrs. Daniel Wolf. Programs: Mrs. Gerold Heiner and Mrs. Patrick McNalley. Hostess: Mrs. Franklin McGovern. Corsages; Mrs. Ralph Doetsch.

Tickets may be obtained by calling the ticket chairman, Mrs. Richard Vieira, phone 296-1484.

Teachers slate training class

The Campbell Elementary Teachers Association will hold a third annual "Good Teaching Practices" session at Rolling Hills School on the afternoon of November 4 with emphasis upon new curriculum and ideas that have been used successfully by teachers in Campbell schools. Participating teachers will give twenty-five minute demonstrations of techniques and ideas they have used in reading, language, arithmetic, science, social studies, and music areas, which the attending teachers can take back to their own classrooms to try.

The enthusiastic response to past programs led to the planning for this year's presentation.

Consultants of the surrounding school districts and the executive boards of their teachers associations have been invited to attend the afternoon in-service training session.

Cambrianettes meet November 4

The Cambrianettes, YWCA group for all West Valley women, will close their first six-week session of the Fall on November 4 with a coffee hour and business meeting. Plans for the next series of hobby classes and interest groups will be announced. The new series will begin on November 10. Sign-ups for the new classes will be taken at this time.

Mrs. Bruce McClelland, public relations director for the YWCA, will be the guest speaker. Her subject will be "What You Should Know About Wall Coverings." Child care is available and refreshments will be served. Anyone interested in this group is invited to attend the meeting at the Cambrian Park Methodist Church, Wyrick Avenue and Gunston Way, beginning at 9:30 a. m.

Here's help for women who are in the dark when the lights go out.

The easiest way to deal with an electrical failure is to prepare for it. Keep a flashlight and fresh fuses handy. Know where your main switch and branch circuit panel ("fuse box") are. Then, if your lights go out, you're ready to do something about it.

Is a fuse blown?

If the lights fail in *one or two rooms only,* a branch circuit fuse has blown or a circuit breaker has opened. If service fails in a *large part of the house,* the trouble is probably due to a "main" fuse blowing out or an open circuit breaker. If the neighbors' lights are out, too, call us.

Remove cause. Check fuse box.

First, disconnect frayed electric cords and multiple appliances on same outlet. Then examine the branch circuit panel and replace any fuse with a smoked-up window or melted metal strip inside. Always replace a fuse with one the same size (15 amp, 20 amp, etc.)

If the branch circuit panel has circuit breakers ("on" and "off" switches), restore service by following the instructions on the switch or panel. *Many homes today have both fuses and circuit breakers.*

Check the main switch.

If your lights are still off, check your main switch. If it's the fuse or cartridge type, the switch should be turned off before replacing one. If your lights still don't work, call us. Or—if you have any doubts about the problem or the solution, give us a call.

Helpful tips.

If your electricity is off for any period, don't open your refrigerator or freezer. Frozen foods stay frozen longer if the freezer door is kept closed. If food starts to thaw, add dry ice. And don't forget: when electric service is restored, reset your electric clocks.

PG&E is ready to help.

Repeated fuse problems probably mean inadequate wiring or faulty equipment, and you should consult an electrical contractor. If you can't restore power for any reason, call us and we'll send a serviceman.

Our greatest service

Providing dependable gas and electric service at the lowest rates is our most important job. Since 1961 there have been 3 major reductions in PG&E rates. Today, the typical PG&E household customer pays less than 30 years ago for the same amount of gas and electricity. Which means PG&E service is a bigger bargain than ever.

HERE ARE two of the witches who will be stirring the "brew" at the Haunted House, 573 W. Latimer Avenue, from now until Halloween. Susan Lindner and Mrs. Carl Lindner are all dressed up to thrill the kiddies from 3:30 to 8:30 PM and from 1 to 8:30 PM on week-ends. Proceeds from the project will benefit the Children's Home Society.

QUIET DAY SERVICE

The Sunnyhills Methodist Church of Milpitas has invited the women of the First Methodist Church of Campbell to share a "Quiet Day" Service with them on Thursday, October 29, from 10 a.m. to 1:00 p.m.

"Recognition, Renewal and Response" will be the theme of the day. All interested women are cordially invited to attend. Cars will leave the Methodist Church in Campbell at 9:30 a.m. Please bring a sack lunch, and coffee and tea and cookies will be provided. Child care will also be furnished.

Gift Fair at Woman's Club

District #21 of Associated Women for Pepperdine College will hold its second annual Gift Fair at Campbell Women's Club, Campbell Ave. and First Street.

Eight attendants at Bohnsack-Koop wedding

Judith Carol Bohnsack became the bride of Michael Ray Koop in a recent ceremony at St. Lucy's Church. Judy is the daughter of Mr. and Mrs. Delbert L. Bohnsack of 2257 Montezuma Drive, Campbell.

For her wedding day the brunette bride was attired in a chantilly lace gown featuring a scoop neckline and long tapered sleeves. The bell shaped skirt had a ruching of tulle in an apron affect and a chapel length train. A pearlized crown held a bouffant fingertip veil of pure silk illusion. She carried a white lace fan centered with butterfly orchids.

Diana Bohnsack was her sister's maid of honor and the other attendants were Jackie Robles, Judy Clarkson, Mary Haugse and Barbara Walter. Their floor-length gowns were fashioned of aqua chiffon over taffeta with short capes covering their shoulders. They carried yellow tulle fans centered with yellow feathered carnations. The two flower girls, Natalie, the groom's younger sister, and Anita, the bride's younger sister, were dressed in organdy aqua dresses, and carried baskets of yellow daisies. Debbiann Bohnsack and Doug Koop were the ring bearers for the double ring ceremony.

Terry Dyce was the best man and ushers were Stanley Koop, Norman Hertz, Ron Scott and Don Marinoni.

A buffet and champagne supper reception for 150 guests was held at the Campbell Country Woman's Club, after which the happy couple cut a four tiered wedding cake. Following a honeymoon to Carmel, the newlyweds are making their home in Sunnyvale.

Michael is the son of Mr. and Mrs. Ernest A. Koop of Roseburg, Oregon. He is a graduate of Roseburg High School and attended Foothill Junior College. He is presently employed as a Santa Clara Patrolman. Judy is a graduate of Campbell High School and attended San Jose City College. She is employed at San Jose City College. She is employed at Sylvania as a secretary.

Music Man opens Friday

San Jose Light Opera Association opens its 30th season Friday night (Oct. 30) presenting the rousing Meredith Willson award-winning musical, "Music Man," at the Montgomery Theater of the San Jose Civic Auditorium.

The melodic story of a drummer's scheme to outfit a boys band, with uniforms and instruments to be paid for by parents in a small Iowa town, "Music Man" will be staged by SJLO six times on three successive weekends, Oct. 30-31, Nov. 6-7 and 13-14.

Playing the difficult role of Prof. Harold Hill, made famous on stage and screen by Robert Preston, will be Victor Miller, a 35-year-old veteran of singing, dancing and comedy roles in various light opera productions around the nation. "Marian, the Librarian," whose appeal to Hill complicates his own game, is played by Nancy Lee Biesen, former Florida beauty queen and professional singer.

Flower Show here Friday

The Campbell Garden Club will hold their annual flower show "Adventures in Color" at the Wells Fargo Bank in Campbell on Friday, October 30. All amateur exhibitors are invited to enter the all-day show. Registration should be made with Mrs. Frieda Naletko, 867-4864.

The Wells Fargo Bank will provide trophies for Best of Show in the Artistic and Horticulture Divisions as well as a Junior Achievement Award. Awards will be presented in the novice, intermediate, advanced and open classes. Mesdames Clarence Moody and Roy Sindell are co-chairmen of the event. Mrs. Merrill Mack is president of the Campbell Garden Club.

Faculty Wives meet tonight

Members of the Campbell High School Faculty Wives' Club will meet tonight, October 28, at the home of Mrs. William Allman, 1466 Brookdale Drive at 8 P.M.

Mrs. Everett Rowe from the Speaker's Bureau of the League of Women Voters will be the featured guest speaker of the evening. Mrs. Rowe will highlight some of the propositions facing the voters in the November election.

Mrs. Wayne Clay, president, urges all members to be present, as plans for the club's activities for the year will be discussed. Assisting Mrs. Allman as hostess will be Mesdames John E. Baas and Edgar H. Lockhart.

RUMMAGE SALE

Members of the Hornet Gridiron Club will hold their annual rummage sale on Campbell Avenue across from the Wells Fargo Bank, on October 29, 30 and 31st. Proceeds will be used to support the Santa Clara County Hornets and Bees football team. Acting as co-chairmen are Mesdames Jack Schanck, Peter Aiello, Sam Salvato and Bill Jones.

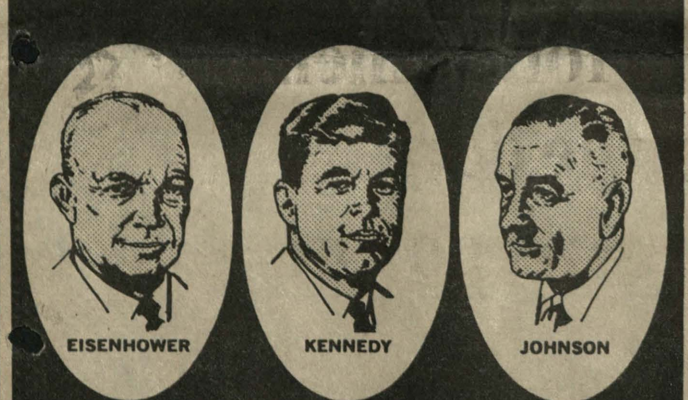
Three U.S. Presidents:



cleared the tracks nationally for railroad peace—Let's complete the job in California!

PROPOSITION 17 makes it possible for California to put into effect the national transportation settlements—worked out by Congress and Presidents Eisenhower, Kennedy and Johnson—which eliminate wasteful featherbedding in the railroad industry under terms that insure maximum job protection, yet retain two men in the cab of all trains.

These settlements are now in effect in most states—but not in California because of a conflicting "horse and buggy days" law which Proposition 17 repeals.

To help keep freight rates down—

SOCIAL SECURITY
Questions and Answers

By Gladstone A. Boquist
Field Representative

Q.-I sold a right of way for a highway through my farm. I added this income in with my grain income on my tax return, but have been informed that this should be reported separately. Is this true?

A.-Income from the sale of the right of way should not be included with your ordinary farm income for social security purposes. A gain or loss from the sale of land for a right of way should be reported as a capital gain or loss.

Q.-I am 65 and do not intend to retire as yet. I am working full time and earn over $4800 a year. I intend to take a trip for three months, shortly. Should I apply for social security benefits?

A.-Yes. You should apply for benefits at once. You will be paid your social security benefits for the months you are not working. When you return to work, notify your Social Security office and your checks will be stopped.

Q.-I have a 68-year-old farm hand working for me. He gets his room and board, and I also pay him cash wages of $50 a month. Do I have any responsibility to keep records of this?

A.-Yes. Since the cash wages you pay him will amount to $150 or more during the year, you need to keep a record of his name, social security number, and the social security tax paid to Internal Revenue Service at the end of the year.

Q.-As a farmer, is it necessary for me to keep a record of how many days an employee works for me during the year?

A.-When you employ someone who works for you on 20 or more days during the year and you pay the employee on a time basis (by the hour, day, or week), it is necessary to report the cash wages paid, for social security purposes. It would, therefore, be to your advantage to keep a record of the days worked, so you know when the number of days equal 20 or more.

Q.-Yesterday I received a statement of my earnings as credited to my social security account. It showed that from 1951 to 1963, inclusive, I have been paid wages totaling $55,200. I believe it is wrong. Since 1951, my salary has never been less than $7200 a year, so my total wages for this period should be at least $93,600. How can I have this corrected?

A.-From the information you have given, your account is correct. From 1951 through 1954, only the first $3600 of a person's annual wages were reported for social security purposes. From 1955 to 1958 inclusive, the maximum was $4200. Since 1959, the maximum amount has been $4800 a year.

Q.-I am planning to file for my social security benefits next year, but I worked for the railroad for four years in the 1940's. Will I receive credit under social security for this railroad work?

A.-Yes. Your railroad earnings will be transferred to your social security account at the time you file your claim. They will be used as credit toward your insured status under social security.

Q.-My husband does not plan to retire until he reaches age 65, three years from now. I have already reached 62, as

I was born January 15, 1902, and was employed four years during World War II at defense work. Do I have to wait until my husband retires to get social security benefits?

A.-No. If you worked four years, you would have about 16 quarters of coverage under social security, and you need only 13 quarters of coverage to be insured on your own account and receive benefits. The benefit is permanently reduced by 20 percent if you take it at age 62. When your husband retires, you can file a claim for "wife's benefits" on his account, and you will receive an amount equal to the higher of the two benefits; you would not receive both benefits.

Q.-I heard on the radio that you should get in touch with your Social Security Office before you retire. Why would this affect me if I plan to keep on working indefinitely?

A.-Your age and the amount of your yearly earnings could be the deciding factor in your situation. If you're over 62, there is a possibility you could qualify for some social security checks.

FICTION

TWO ROADS TO GUADALUPE
By Robert Lewis Taylor

The heroes of the novel are the Shelby brothers: Fourteen year old Sam, who runs away from home to enlist in the U.S. Army of 1846; and his intellectual half-brother Blaine, who joins up because he expects the campaign to be culturally broadening. It is a saga of derring-do, lusty action and black-hearted villainy. Excellent.

SWEENEY'S ISLAND By John Christopher

What happens when a small group of civilized, urban-dwelling, twentieth century men and women is stranded on a desert island? There is excitement, suspense and insight into the minds and actions of human beings under stress. A book that cannot be put down until the last line has been read.

NON-FICTION

THE BAY OF PIGS By Haynes Johnson

In 1962 when the Cuban leaders were released who lead the attack on the Bay of Pigs, they told their stones exclusively to Haynes Johnson, the author of this book. Here is the full story at last -- what really happened and how it happened.

THE FORD GUIDE TO OUTDOOR LIVING ON WHEELS By B. H. Scott

This guide is designed to help today's vacationer or weekend traveler choose what he needs from the bewildering array of equipment on the market. It covers all type camping equipment. There is helpful information on outdoor eating, Winter camping, when to go and what it costs. It's for Americans on wheels.

C. G. Academy offers careers

High School graduates seeking a challenging career and a fine college education should check the requirements of the Coast Guard Academy.

Located at New London, Connecticut, the Academy offers a varied curriculum leading to a bachelor of science degree and a commission as Ensign in the U.S. Coast Guard.

Appointments are made as the result of competitive examinations. There are no geographic quotas.

A high school diploma is the minimum educational requirement, although high school seniors assured of being graduated by June 30, 1965, are eligible to take the examinations. All applicants must have three units of English, two in Algebra, and one in Plane Geometry by graduation.

Following graduation from the Academy, Coast Guard officers are afforded post-graduate study opportunities in oceanography, naval architecture, civil engineering, electronic engineering, aviation, law and other related specialites.

Interested candidates should write for details and additional information as soon as possible to Representative, USCG Academy, 630 Sansome Street, San Francisco, California, 94126.

Teachers urge yes vote on Prop. 2 and 3

Vigorous support for Propositions 2 and 3 on the Nov. 3 ballot was declared in two resolutions approved by the Executive Board of the Campbell Elementary Teachers Association it was announced today by Ralph Richardson, president.

The resolutions said the local teachers association enthusiastically endorses both propositions and urges voter support to provide classrooms for the State's booming elementary, high school and college-level enrollments.

Defeat of either issue would be a critical blow to education in California, Richardson said. "The quality of education in California would be immediately impaired."

Richardson said Proposition 3 will continue the State Building Aid Law which has been in operation for 15 years.

Senator Bradley guest speaker

Clark Bradley, senator of the eighteenth district, will be the guest speaker at todays meeting of the Campbell Elementary Teachers Association to be held at the new Castlemont School at four o'clock. His subject will be "Teachers in Politics."

Educated at San Jose State College, Hastings Law School, and the University of California, Bradley has an extensive background for speaking on his topic. His more than thirty years' political experience includes service on the San Jose City Council and in the state assembly, in addition to his present office as senator.

CAMBRIAN TO MEET

Cambrian Home and School Club will resume regular meetings for the School with the first meeting scheduled for 7:30 p.m. Monday, November 2.

Junior girl scout troop 584 will lead the flag salute.

Featured speaker of the evening will be Campbell Chief of Police John Morgan presenting Mirror of Responsibility.

First Grade Room Mothers will be refreshment hostesses for the evening.

ON CAPITOL HILL

with "Charlie" Gubser

As a Member of Congress for the past twelve years, it has been possible for me to detect definite trends in Americans' attitude toward government. One of these is an increasing tendency to look to the White House and the President for fulfillment of their hopes and expectations and to consider Congress as an extension of the Executive Branch.

Americans also are showing a growing tendency to judge a Congress exclusively in terms of how much of a President's program it passes or rejects. Even our political campaigns, and particularly this one which will be decided next Tuesday, have hinged almost exclusively upon who a "President's choice" might be or the extent to which a legislative candidate would accept or reject a President's program.

In my opinion too many persons have expected their congressional candidates to be images or carbon copies of either of the present presidential candidates. They have rejected each candidate's right and obligation to be an individualist and think for himself. In so doing they have, without knowing it, repudiated the very foundation of democracy--our Constitution.

It is significant that the very first Article of the Constitution says, "ALL legislative powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and a House of Representatives." No legislative power is given to the office of the Presidency which was As their second action the Founding Fathers invested the Executive power in "a President". No legislative power whatsoever was included.

It is noteworthy that these articles were not numbered III or IV, but were important enough to be considered first and second. And the legislative Branch is mentioned first.

This division of power is our traditional system of checks and balances which distinguishes us from a collectivist government or dictatorship. It is the system which prevents instability like that which is occuring in Russia today when the one man who is the source of all power is toppled.

Congress is a coequal branch of government and is not a subsidiary. If it rubber stamps the program of any President or any Party with 100% acceptance or rejection, it is not fulfilling its constitutional responsibility.

The decisions which arise from differences of opinion are always the soundest. The right to disagree, the right to dissent and the ability to compromise are the only paths to a national policy which is best for most of the people most of the time. Without them we are easy prey for intolerance, bigotry, and eventually dictatorship.

Vets urged to file address change with VA

Every year more than 200,000 veterans or their beneficiaries miss at least one payment of their monthly compensation, pension or other benefit checks from the Veterans Administration due to their failure to notify the VA and the Post Office Department of change in address, according to Glenn Corbitt, Manager of VA's Northern California Regional Office.

Delay is also caused by veterans and dependents sending change of address notices to the Treasury Disbursing Office where government checks are issued.

"It is necessary to notify the VA and the Post Office. The Treasury Department will not process a veteran's change of address", Corbitt said.

Undeliverable returned checks are one of VA's biggest headaches.

BAZAAR--Little Gregory Cox reaches for one of the toys to be sold at the Bazaar sponsored by the Junior Auxiliary to the Crippled Children's Society at Building No. 3, Town and Country Village on October 29. Greg and his mother, Mrs. David B. Cox of Campbell will be assisting co-workers, Mesdames Herbert I. Cohen and Mrs. Bernard D. Rudin. Items for sale will include Christmas decorations and gifts, all handmade by auxiliary members. Proceeds will benefit the Easter Seal Society and Camp, which is located at Stevens Creek Dam.

Moreland School Board appoints new trustee

Louis Zarate was appointed October 20 by the Moreland School District Board of Trustees to fill the vacancy created by the recent resignation of Robert Brydon.

Following the official appointment action, President Gene Riordan commented, "Your appointment to serve on this Board of Trustees was the result of having interviewed every applicant who applied. It was determined that you were the best qualified to serve the needs of the entire district, for the attitude of the Board is always to appoint new members who can serve the best interest of the entire community".

Zarate and his wife Elvira have three children and have lived in the Moreland School District for six years. He graduated from Santa Clara University in 1950 and has done post-graduate work in several universities. At present he is employed by the County of Santa Clara as a Traffic Hearing Officer. Past employment includes counseling at the William J. James Boys Ranch and as a deputy probation officer.

Zarate is also a teacher with the San Jose Unified School District Adult Education Department, is a recipient of the Brotherhood Award by the Council for Civic Unity and a Reserve Officer with the United States Naval Reserve.

No counterfeit 20's passed in local banks

A survey of Campbell banks taken on Friday revealed that up until this time none of the counterfeit twenty dollar bills which have been circulated in the Bay Area have been passed in local banks.

Mrs. Jane Eastman of the First Valley National Bank explained that all of the tellers in the bank had been alerted to the description of the counterfeit 20's and that a teller is so used to the feel of the legitimate money that they could spot a counterfeit immediately by the feel of the bill.

In connection with the "money survey" the local banks were quiried on the coin shortage and how it has hit the Campbell area. According to A. S. Bonaccorso at the Hamilton Plaza Branch, Bank of America, they are just able to break even, but with the opening of the new shopping complex in the plaza a definite coin shortage might develope.

The Wells Fargo bank, Campbell branch, stated that they were managing as well as the other banks, but definitely found that their coin orders from San Francisco were always reduced. Customers in all cases have cooperated, and it is expected that the coin shortage will be relieved as the mint production is being stepped up an estimated 10 billion pieces of coinage will be produced during the next year by the U.S. Mint.

Coin collectors were blamed by all the banks for the coin shortage, both local and nation wide. In order to forestall coin collectors from adding to their collection with 1965 coins, the U.S. mints will not change the coin dates starting in January, 1965, but continue to produce coins with a 1964 date.

The Campbell branch, Bank of America, is also just holding their own as far as coins are concerned, with a bigger shortage in halfs than any other coins.

YOUTH CHAIRMAN

Campbell Police Chief John Morgan has accepted the chairmanship of the Youth Activity Committee of the Campbell Chamber of Commerce. It is hoped that through a series of study sessions the needs for the youth of Campbell can be determined. After determining the needs it is hoped that the Chamber will be able to follow through with concrete plans.

Del Mar sportsmen place in all contests

By Steve Ellis

In Cross-Country the Dons have been fairly successful this year. In their last two meets they have placed first three times, second three times, third once and sixth once. On October 8 the Dons competed with Campbell, Westmont, and Saratoga at Vasona Park. In this meet Del Mar won the Varsity, Junior Varsity, and Sophomore divisions while placing second in the Freshmen division. The scores were: Varsity, 32 points; Junior Varsity, 18 pts.; Sophomores, 28 pts.; and Freshman, 44 pts. The best score possible in C.C. is 15 points so you can see that the team isn't in too bad shape. Top times in this meet were by Pete Wagner, 11:02, and Steve Revanaugh, 11:11.

The last meet, held on October 15 at Del Mar, was the first invitational meet of the year that Del Mar has participated in. Out of the fifteen schools present, Del Mar's Varsity placed sixth with 158 points, the J.V.s were second with 61, the Freshmen third with 100 and the Sophomores second with 75. Top times were: Varsity, Pete Wagner, 12:04; J.V., Tom Walker, 12:29; Sophomores, Dave West, 11:48, and Freshmen, Ray Weber with 12:38.

DONS B'S WIN 1 TIE 1

The B football team has won one and tied one in the last two weeks. The win came against the Soquel Knights, 6-0. The tie was against Leigh, 0-0. The leading tackler for the little Dons in the Leigh game was Clayton Chu with twelve, closely followed by Joe Aiello with ten. The leading tackler for the three total games is defensive captain Dennis Murphy, with 24, followed by Chu and Aiello with 21 each. In the Leigh game the defense made the difference as the Leigh offense made 213 yards while the Dons only racked up 160. The Del Mar passing was a poor 1-5.

The Dons' football team has won their first game of the year against Soquel when the Dons got 10 points fast in the first quarter and held on to triumph 10-7. The scoring was by Tom Greenley, who ran over for a touchdown and Sunny Justus, who kicked a 25 yard field goal. On the 16th of October the Leigh Longhorns hosted Del Mar and came away victorious by a 12-6 margin. Del Mar scoring was on a pass from Bob Bronzan to Dave Rodarte.

The C and D basketball teams are still having a rough time against the other teams of the league. So far they have only won one game out of eight. In their last two games the C's were defeated by Camden 40-52, and also lost to Leigh 33-38. The D's lost to Camden by a 20-25 margin and to Leigh 31-41. So far, top scorers are Tony Paradiso, with 46 points in four games, and for the D's it is Jim Hughes with 29 points.

The J.V. Football team, the C and D basketball teams, and the Cross Country team were at Leigh last Thursday, while the Varsity football team hosted Los Gatos at Del Mar.

HORNETS SWAMP LIONS

The Santa Clara County Hornets, paced by Bob Huber's 15 points, trampled the Santa Clara Lions 21-0 Sunday at Camden High School Football Field. Huber ran for two touchdowns and three conversions. Boasting 19 wins without a loss and a 5-0-1 record, the Hornets travel to San Francisco to face the S. F. Division Champions, The Mariners, in the Joe Lacey Bowl Game. Kick-Off time is 1 P. M. next Sunday at the Washington High School Field. The Bees, boasting a 6-0-0 record have their sights set for the northern California Championships

West Valley College Vikings win in cross-country, water polo

Placing eight of nine men in the top ten positions in cross-country, West Valley's Vikings beat Gavilan 18-44 and shut out Menlo College 15-50. The triangular win leaves the Vikings with an unmarred 5-0 Coast Conference mark and a clear path to the Conference meet at Cabrillo November 13.

Once again Gordy Fredrick and Ben Rogers, Viking stalwarts. ran together for an intentional dead-heat, first-place finish in 17:14 at Gavilan's Hollister course. Gavilan's Bruce Patchen finished second, while the Vikings' Bill Yoskowitz ran a fine race to capture third, timewise, in 18:04. Neil McIntosh, Paul Uredenburg, Pat Weinart, and Ray Lecoq also ran well for West Valley.

POLOISTS

Mac Martinez' Viking water poloists romped home with two wins last week over Cabrillo to the tune of 12-9, and over Monterey Peninsula 13-2.

Bob Nansen showed the way against Cabrillo with four out of six goal attempts, while Tom Scott, Jim Moser, and Gary Gordon contributed three points apiece.

The Monterey win marked the second time this season the Vikes have beaten Monterey, having run roughshod over them 23-4 their first game of the season. Jim Tracy was the big man this time for West Valley with three goals.

Roger Gaetjen elected Pony League president

Roger Gaetjen was elected to the office of president of the Campbell Moreland Pony League Monday night during their regular meeting. Other officers who will serve during the coming year include Ray Vierra, vice-president; Ed Riggs, secretary; Gene Tritt, treasurer; Dick Dickinson, past president; Dwight Kelsey, Pony commissioner; Bill McLain, Colt commissioner, and Gary Gibbons, Minor commissioner.

The league plans call for six new teams next year and strong financial support is needed. Those interested in sponsoring a team or individual players are asked to call the league secretary, Riggs, at 378-6797. Riggs resides at 184 Lu Anne Drive in Campbell.

Men interested in acting as managers or coaches for the coming season are invited to call League President Gaetjen, 264-4086 for details.

This year the league provided summer recreation for 180 boys, and anticipated that 270 boys will be provided similar recreation in 1965. The next meeting of the Pony League will be held on Thursday, November 5

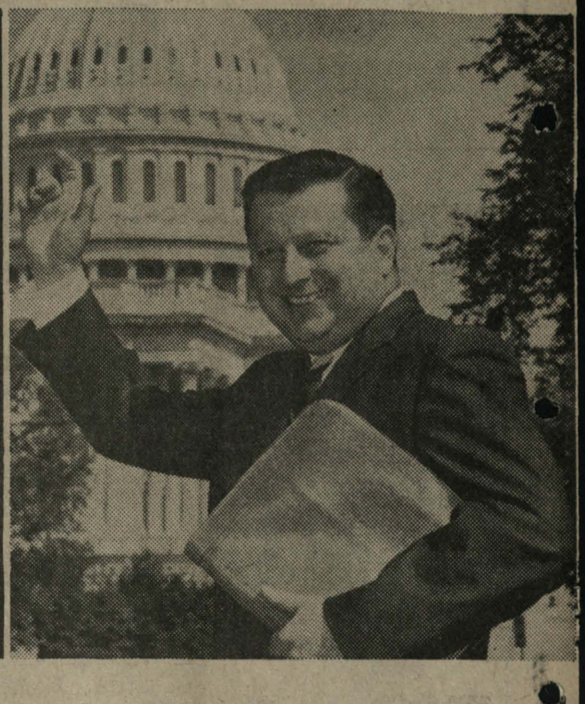
Re-Elect your
EXPERIENCED CONGRESSMAN
Charlie
GUBSER



HE VOTED FOR

SPACE RESEARCH FUNDS. FOR every appropriation for space research since N.A.S.A. was organized.

NATIONAL DEFENSE. FOR an increase in Polaris Submarines, a Nuclear Carrier and Manned Bombers.

CIVIL RIGHTS. FOR every Civil Rights Bill since he has been in Congress.

EDUCATION. FOR vocational education and higher education appropriations, student loans under National Defense Education Act.

MINIMUM WAGE. FOR two increases in the minimum wage.

SOCIAL SECURITY. FOR a 5% Social Security increase this year. FOR coverage of 600,000 persons over 72, widows and orphans, who receive no Social Security.

PEACE CORPS. FOR enlarging the Peace Corps.

MASS TRANSIT. FOR developing a mass transit system.

HE VOTED AGAINST

RUSSIAN WHEAT DEAL. AGAINST selling wheat to Russia on credit.

LOSS OF JOBS. AGAINST area redevelopment funds to transfer jobs of Californians to other states.

NATIONAL DEBT INCREASE. AGAINST increasing the national debt.

DEFENSE CUT-BACKS. AGAINST reductions in military research and development.

FARM SUBSIDIES. AGAINST price supports which he labeled as a fraud on the consumer and taxpayer.

SOURCE: Check Congressman Gubser's voting record yourself in the Congressional Record or Congressional Quarterly. Both are available at most public libraries.

HE GETS THINGS DONE

JOBS. With his seniority on the Armed Services Subcommittee Investigating Defense Contracts, he has been able to protect local industry from unfair bidding requirements that favor other areas. He has saved contracts and hundreds of jobs for this District.

NATIONAL DEFENSE. Congressman Gubser speaks out against the strategy of stalemate and opposes the present ill-advised cutbacks in military research programs. He opposes unilateral disarmament.

WATER. Congressman Gubser's foresight and patient work over ten years has practically solved our future water problem—the Pacheco Tunnel is close to reality.

KEEPS IN TOUCH. With news letters, columns and questionnaires he communicates with the people of his District.

INFLUENTIAL. When he returns to Congress he will be in the upper 20% in House seniority. With this unusual combination of youth and high seniority he can continue giving extra value to this District.

INDEPENDENCE. Congressman Gubser has never rubber stamped any program. He thinks for himself and votes his own convictions. He has worked for all the people of his District, not just one group or one party.

Symphony orchestra, chorus tryouts open

Another opportunity for artistic expression by talented residents of the District has been extended by West Valley College's Department of Music.

Cesare Claudio, instructor in music, has issued an invitation to interested residents to try out for two new musical groups being organized on the campus, a symphony orchestra and a chorus. Both groups, Claudio said, will aspire to public concerts.

Both groups meet on Wednesday evenings at 7 p.m., Claudio said. Interested persons should get in touch either by telephoning 379-1733 or by calling at the college, 51 E. Campbell Avenue.

Another event of interest to the general public will be West Valley's first theatrical production, with an all-student cast. On December 11 and 12 the players will present Edward Chodorov's "King Lady", a 1935 mystery melodrama with an English setting. Curtain time is 8 P.M. in the West Valley Auditorium.

Sister City Committee seeks project

The Campbell Sister City Committee met recently to discuss the possibilities of establishing friendly relations with a city of similar size and interests in either South America or Peru. Myron Fairchild, chairman, reported that the Committee will contact the Mexican Counsel and the Peruvian Counsel, to obtain information on this project. The Committee will work through the American Municipal Association in Washington, D. C.

The Committee is also gathering factual information to be contained in a brochure to be distributed in foreign countries or wherever they may be of interest. Members of the Sister City Committee are Mr. and Mrs. Richard Mayne, Mrs. Milton Howe, A. S. Bonaccorso, Myron Fairchild, George Maxwell, Neal Royer, Grace Hebard, Robert Culp, Tony Van Laarhoven, and Ted Regas.

VERDUN ROMER

Romer on state CC advisory committee

Verdun P. Romer, principal of Blackford High School, Campbell Union High School District, has just received word of his appointment as a member of the California Cadet Corps state advisory committee.

The appointment was made by Lieut. Gen. Roderic L. Hill, Adjutant General, State of California. Romer will represent the San Joaquin Valley and Northern California on the committee. There are two other members, one representing the San Diego area and the other the Greater Los Angeles area.

Romer has been actively identified with the Cadet Corps in the Campbell district for some nine years. He served three years as commandant of cadets at Campbell and Camden High Schools, and more recently as district coordinator of cadet activities. He holds the rank of major in the U.S. Army Reserve.

Two Campbell District High School cadet corps companies, Blackford and Del Mar, recently achieved special commendation and "superior" ratings from the Adjutant General, and companies of three other high schools, Leigh, Camden and Campbell, received "excellent" ratings.

Romer was in Fresno Saturday for a meeting of the advisory committee called by Adjutant General Hill.

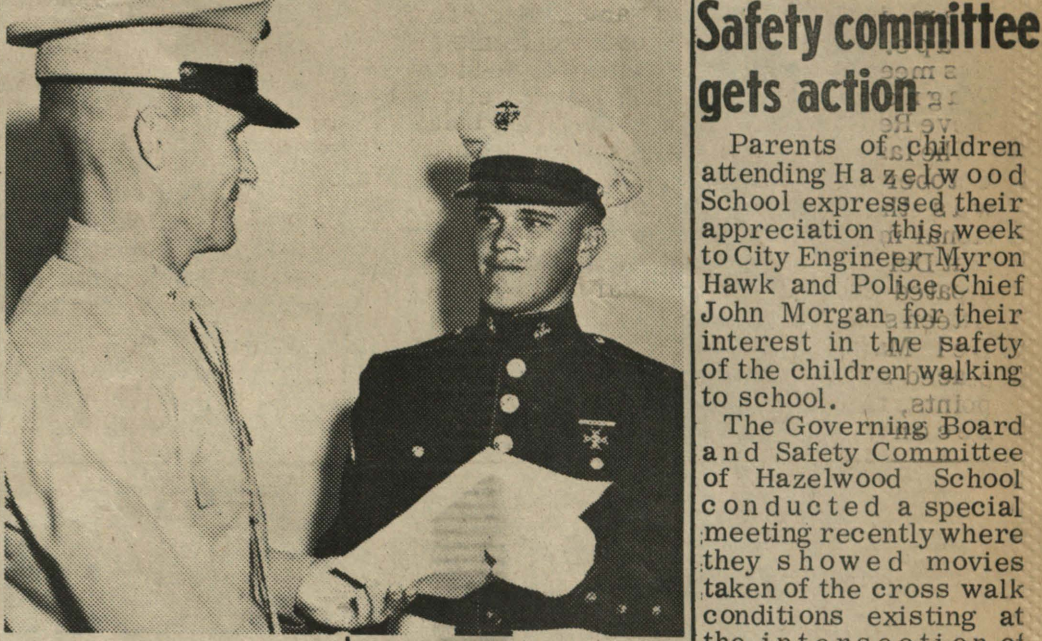
Students petition to drop "junior"

West Valley Junior College students have collected 1,405 signatures on a petition seeking to change the name of the college to just plain West Valley College.

The petition which originated among the staff student paper, stated that the term "junior college" does not seem appropriate description of the institution which is developing at West Valley.

The Associated Students are expected to present a formal request to the Board of Trustees asking that the change in name be considered.

"SONG FEST"--The first Song Fest of the year enjoyed by Camp Fire Girls of the Campbell District was held at Del Mar High School recently. Many groups of Camp Fire Girls and Blue Birds participated in the evening's program. Pictured here are the fourth grade Latimer Camp Fire Girls who sang "Start the Day Right."



PRIVATE FIRST CLASS ROBERT W. PENNY, USMC, son of Mr. and Mrs. W.H. Penny, 303 S. Virginia Ave., receives a "Dress Blues" award from Major M.J. Styles, United States Marine Corps, as outstanding recruit in his platoon. Penny, a former Campbell High School student, won the award in competition with 64 men for his conduct, attitude, and leadership potential.

Safety committee gets action

Parents of children attending Hazelwood School expressed their appreciation this week to City Engineer Myron Hawk and Police Chief John Morgan for their interest in the safety of the children walking to school.

The Governing Board and Safety Committee of Hazelwood School conducted a special meeting recently where they showed movies taken of the cross walk conditions existing at the intersection of Virginia, Budd and Jeffrey Avenue.

After viewing the films and discussing the conditions, The City Engineer stated he would have a sidewalk placed at the San Tomas Bridge on Virginia Avenue. The sidewalk has already been installed. Chief Morgan stated he would provide officers for selective enforcement at unscheduled periods. Parents have noted that officers are patroling the area at various times of the day.

Girl Scout calendar sale helps maintain scout camps

Girl Scout calendars are now on sale, according to the Santa Clara County Girl Scout Council, Inc.

Girl Scout camps and facilities once purchased do not maintain themselves. As any home owner will attest there are always repairs to be made, and needed improvements. The ever present problem in California of water scarcity is one of the biggest concerns of the Santa Clara County Girl Scout Council's Camping Committee.

So before new facilities can be acquired for the ever increasing population of Girl Scouts, the present ones must be kept up to standard, and a constant supply of water must be assured. This takes money. It is supplied by the sale of Girl Scout Calendars.

Each fall Girl Scouts sell thousands of beautifully printed, colorful calendars to friends and family. They do not sell door-to-door to the general public. However, anyone desiring to purchase a calendar, who does not know a Girl Scout may do so at the Girl Scout office in San Jose, 1030 South Winchester Boulevard. The calendars are available now and will continue to be until the end of the year.

CAMP FIRE GIRLS

CAMPBELL DISTRICT
JEANE ENGDAHL

The first Song Fest of the year was held at Del Mar High School recently. The chairman for the Song Fest was Mrs. Jo Johns. Mrs. Babs Fox played the piano to accompany the songs.

Many Groups of Camp Fire Girls and Blue Birds participated in the evening's program. The KiKin Ya Camp Fire Girls led the flag ceremony. The fourth grade Latimer Camp Fire Girls sang "Start The Day Right," followed by the singing of "Camp Fire Light of Mine" by the Ki Kin Ya Camp Fire Girls.

The Lumni sticks were played by the Koki Okihi Group of Camp Fire Girls and Gina Carroll of the O Ku Wa Sin Camp Fire Group. "Skip To My Lou" was sung by the Princess Blue Birds. The Ta Ta Waga Camp Fire then sang "Kumbaya."

The Tami Won Ton Kokin Camp Fire Girls sang the "Kookaburra" and "Witchcraft" was sung by the Oka Wa Sin Camp Fire Girls.

The evening ended with the groups filing out while singing "Sing Your Way Home."

IN KOREA

Army Pvt. Robert L. Bullian, son of Mr. and Mrs. Norman R. Bullian, 64 N. Llewellyn Ave., was assigned to the 71st Artillery in Korea, October 9.

Bullian, a tracked vehicle mechanic in Headquarters Battery of the 71st Artillery's 2d Missile Battalion, entered the Army in April 1964 and completed basic combat training at Ford Ord, Calif.

The 18-year-old soldier attended Campbell High School.
